37 CAGES AROUND HEADSTONES

17/18 To consider what action is required to control the placing of cages around headstones

Councillors were in agreement that the current proliferation of assorted cages around headstones was unacceptable. It was noted that the wording of the cemetery rules explicitly stated that permission needed to be obtained from the Committee before erecting any type of fence, border or railing around a memorial. It was therefore **AGREED that, for new plot purchases, this rule would be emphasised to all purchasers.**

Regarding the existing assortment of cages, it was **AGREED that the following steps would be taken:**

- **A list to be drawn up of all plots where a cage/fence/railing has been erected.**
- **Funeral directors to be contacted to establish whether any prefabricated cages are available for plot owners to purchase.**
- **A letter to all applicable plot owners to be drawn up, advising them that existing cages either need to be removed or permission sought for retention, and placing a 12 months deadline for compliance. Draft letter to be reviewed at the next meeting of the Burial Committee.**

- Too many NO PARKING signs. To be removed apart from around the turning circle.
- Bin emptying to be at least daily, more often during Christmas/Easter periods.
