10th August 2018

Dear Jackie and West Crewkerne Parish Councillors

As you know, thanks to a recent substantial lottery award, Clapton & Wayford Film Society has been able to fit upgraded, sophisticated (but easy to operate), projection equipment. These are really useful improvements which will facilitate the use of modern media techniques. To broaden community usage by other groups, the village hall trustees are keen to showcase the new equipment, complementing the existing overall hall facilities which are very comprehensive, including a hearing loop, disabled access, a fully equipped catering kitchen, and a separate meeting room.

I am writing to invite hall user groups, local councillors, community volunteers, and the general public to a social evening on Sunday 9th September, at which the new equipment will be demonstrated. A film – Paddington 2 (PG) - suitable for all ages and sectors of the community will be shown at 5.30pm, after which, members of the hall trustees and the film society committee will be present to demonstrate or talk about any aspects of the hall facilities.

Doors open at 5pm, when traditional ‘cinema’ refreshments will be available before the film. Light refreshments will be served after the film; please stay and meet other hall users and members of the local community. Thanks to support from West Crewkerne Parish Council we are able to put on this event free of charge, but ***booking is essential, to avoid disappointment***, as numbers are limited by hall capacity. All are welcome; please reserve your place either by email or phone (as above).

Yours sincerely

Mary

Village Hall secretary
